3. Requests for further information 4

1. Introduction

Under clause 2.4.12 of the Electricity Distribution Information Disclosure Determination 2012 (the "IDD"), Powerco is required to publicly disclose information relating to non-standard contracts entered into for the supply of electricity lines service, or related services in the prior disclosure year.

A non-standard contract is a contract for electricity lines services that is not a standard contract. Standard contracts are contracts for electricity lines services between Powerco and any other person¹ where:

- (a) the price at which the electricity line services are to be provided under the contract is determined solely by reference to a schedule of prescribed terms and conditions, being a schedule that is publicly disclosed; and
- (b) at least 4 other persons have such contracts with Powerco, and none of those other persons is a related party of Powerco, or is a related party of those other persons

This document specifies the non-standard contracts Powerco has entered into in the period 1 April 2025 to 31 March 2026.

For each of these contracts, Powerco is required to disclose:

- 1.) if the other party to the contract is an electricity retailer, the name of that electricity retailer; or
- 2.) in any other case, a description of the goods or services to be supplied under the prescribed contract and the quantity or amount of those goods or services².

2. Non-standard contracts

During the disclosure period:

- Powerco has not entered into any non-standard contracts with electricity retailers during the disclosure period.
- Powerco has entered into one non-standard contracts with parties other than retailers during the disclosure period detailed below:

Goods or Services:

Electricity distribution network connection, operation and maintenance of network assets, and electricity conveyance services.

Quantity or Amount:

263.5 MVA contracted network capacity across the customer's points of connection.

¹ 'Person' is defined in the IDD as having the same meaning as in s2 of the Commerce Act 1986. The Commerce Act definition states a person 'includes a local authority, and any association of persons whether incorporated or not'.

² The prescribed terms and conditions of the contracts mentioned in this document, excepting those that specify, determine, or provide for the determination of price, can be provided upon request.

- There were no non-standard contracts where modifications to the existing prescribed terms and conditions occurred (clause 2.4.15 of the IDD)

3. Requests for further information

Further information on the following prescribed terms and conditions for any of the contracts noted above will be made available upon request:

- 1.) The terms and conditions that specify, determine or provide for the determination of the:
 - a. Timing of payment for those goods or services
 - b. Security for payment for those goods or services
 - c. Powerco's obligations and responsibilities (if any) to consumers in the event that the supply of electricity lines services to consumers is interrupted.
- 2.) The description of goods and services provided and the quantity (or method of determining the quantity) of goods and services provided if these have not been included in the above document.

Any request for this information should be made to Powerco's corporate office on the form below.
